1/2 HPc Power Plus*				
	DELUXE WALL CONSOLE	TWO 3-BUTTON REMOTES	MOTOR**	PARTS**

\*1/2 Horsepower Comparable (HPc) Power Plus designates that this garage door opener exceeds Overhead Door's lifting force specification for 1/2 horsepower garage door openers.

\*\*Limited, non-transferable warranty. See owner's manual for details.

For use with sectional doors up to 8 ft. high and up to 500 lbs. in weight

### Standard features

#### DC motor technology

DC motor operates with variable speed for soft start and stop, smooth operation and less wear and tear on your garage door

#### CodeDodger® access security system

Each time the remote control is activated a new access code is selected from 4.3 billion possible combinations to prevent piracy of the radio signal that opens your door

#### Easy programming

Quick, effortless limit setting for faster installation

#### Frequency range

Reliable frequency range to ensure consistent operation

#### Self-diagnostic Safe-T-Beam® system

When objects pass through the infrared beam, the door automatically stops closing, and then reverses

#### Car2U®

Home Automation System

#### Light system

Illuminate your garage with two 60-watt light bulbs

#### HomeLink® compatible

Link to car's built-in remote system

### Convenience options

Enjoy your new Overhead Door® garage door opener to the fullest with optional accessories. These accessories work with the openers that feature our CodeDodger® access security system

#### Digital wireless keypad

Available in four colors, this lighted keypad features a flip up cover and lets you control up to three garage door openers

#### Remote controllers with docking station

The three-button remotes operate multiple garage door openers. The one-button remotes operate one garage door opener

#### Mini remote controller with key chain

This remote operates multiple openers but is small enough to keep with your keys

#### Mini remote controller with flashlight

This remote works just like the one-button remote and features a light for added nighttime convenience

#### Multi-function remote controller with flashlight

This remote works just like the multi-function remote and features a light for added nighttime convenience

#### Remote controllers

Available as 1, 2 or 3-button remotes

### Distributor services

#### Installation

Selection of an Overhead Door garage door system includes the expert installation and service from our professional Ribbon distributors. Our network of over 450 Ribbon distributors maximizes the value of your product choices.

#### Routine maintenance

Let your Overhead Door Ribbon distributor ensure that your garage door system operates at peak performance year-in and out. Ask your distributor about routine system "tune-ups" and other professional services offered.
